Soils RAWP Attachments**

Dear Mr. Robinson:

The Remedial Action Work Plan (RAWP) for Remedial Work Element I (Soils) was approved by EPA in a letter dated September 28, 2001. Appendix H of the RAWP provides for subsequent submittal of approvals and permits that were pending at the time the RAWP was submitted. Accordingly, please find the following:

1. NJDEP permit equivalents for Stream Encroachment and Freshwater Wetlands.
2. A copy Access Agreement to the Arko property.

Please feel free to contact me directly if you have any questions or comments regarding the attached.

Very truly yours,
